

oomph::Tree

```
graph BT; A[oomph::OcTreeRoot] --> B[oomph::OcTree]; B -.-> C[oomph::Tree];
```

The diagram illustrates a class hierarchy. At the bottom is a solid-bordered box labeled 'oomph::OcTreeRoot'. An arrow points from its top edge to the bottom edge of a middle solid-bordered box labeled 'oomph::OcTree'. From the top edge of the middle box, an arrow points to a dashed line. Above this dashed line is a dashed-bordered box labeled 'oomph::Tree'.
