

This image consists of a horizontal grayscale gradient. The top half shows a smooth transition from black on the left to white on the right. The bottom half is dominated by a thick, solid dark gray band that covers approximately the bottom third of the frame. There are a few small, isolated dark pixels scattered within the lighter areas of the top half.

This image shows a close-up view of a digital signal or a specific frame from a video. It features a repeating pattern of small, dark gray and black pixels arranged in a grid-like structure. The pattern is composed of numerous short, vertical columns of varying heights, giving it a noisy or textured look. The entire image is surrounded by a thick black border.
