The diagram illustrates a class hierarchy. At the top, two classes are shown: 'TetMeshBase' on the left and 'Mesh' on the right. Both are enclosed in dashed rectangular boxes. Below these, a third class, 'oomph::GmshTetScaffoldMesh', is shown in a solid rectangular box. Two vertical lines descend from the bottom of the 'TetMeshBase' and 'Mesh' boxes, meeting a horizontal line. From the ends of this horizontal line, two arrows point upwards to the bottom of the 'TetMeshBase' and 'Mesh' boxes, respectively, indicating that 'oomph::GmshTetScaffoldMesh' inherits from both.
