

oomph::Domain

```
graph BT; A[oomph::ExtrudedDomain] --> B[oomph::Domain];
```

The diagram illustrates a relationship between two classes. A solid rectangular box at the bottom contains the text "oomph::ExtrudedDomain". A vertical arrow points upwards from the top center of this box to a dashed horizontal line. Above this dashed line, the text "oomph::Domain" is centered. The top of the diagram is bounded by another dashed horizontal line, suggesting a container or namespace boundary.
