

oomph::Tree

```
graph BT; A[oomph::OcTreeRoot] --> B[oomph::OcTree]; B -.-> C[oomph::Tree]
```

A diagram showing the relationship between three classes. At the bottom is a solid box labeled 'oomph::OcTreeRoot'. An arrow points from its top edge to the bottom edge of a middle solid box labeled 'oomph::OcTree'. From the top edge of the middle box, an arrow points to a dashed line. Above this dashed line is a dashed box labeled 'oomph::Tree'.
